

Task I: Individual long turn:

Foto 1: <http://www.airbock.com/wp-content/uploads/2015/03/The-most-crazy-extreme-sports-in-the-world.jpg>

Foto 2: <http://life.familyeducation.com/slideshow/avoiding-tick-bites/70907.html>

- compare and contrast the two pictures
- explain the reasons why people decide to do regular sports or extreme sports
- talk about sports facilities in your area

Task II: Paired activity:

The headmaster of your school would like to promote sports activities at your school, asking students for ideas. You and one of your classmates talk about the following possibilities:

- more physical education lessons
- more extracurricular sports activities
- founding the school's own sports team
- more cross-curricular projects between PE and other subjects
- inviting sports experts to school to give talks

Agree on three at the end.
